Note from WCGS:

Again, Washington County Genealogical Society (WCGS) is indebted to Veronica and Vance Haskett for their long and tedious hours of locating and documenting cemetery tombstone inscriptions. Researchers will for many years find this information invaluable in their search to find ancestors with Washington County, NC, roots.

Thanks, too, to WCGS members who assisted with the initial scanning of the surveys: Barbara Modlin Revels, Loretta Haire Phelps; Virginia Clough Haire, and Harrison Phelps; and to Willie Peebles for help in scanning photos.

Every effort has been made to index every name but readers are advised to read the entire text - you never know when you will discover a serendipity -

Thank you, Vance, Veronica and WCGS Members!

## In Memory of David Sykes

**January 11, 1946 - August 26, 2000**

David Sykes was born in Bristol, Virginia and grew up in Kingsport, Tennessee. He graduated from Johnson Bible College, Knoxville, TN, in 1970. He served as youth minister in Strawberry Plains and Maryville, TN. He served as an assistant minister in Knoxville. He married Betty Ann Clark; they later adopted a son, Scott. In 1972, a foster son, James Grissom, joined the family.

David served as minister of Philippi Church of Christ at Creswell for 30 years. He was secretary of the Board of Directors of Sunny Hills Children's Home; secretary of the Eastern NC Christian Men's Fellowship, was a member of the Council of 70, Johnson Bible College; the Alumni Advisory Group; and was actively involved in starting Open Door Ministries near Creswell.

While Vance and I were surveying cemeteries in the Cherry - Creswell area, we were privileged to meet David. We considered him a friend. After his death, we heard many people say they had never heard one word of criticism of David - a compliment indeed. We were saddened at his early death.

## FORWARD

This information was transcribed from all of the tombstones of Washington County that could be found. Additional information included was found in court house records, Bible records, church records, obituaries, personal knowledge from county residents and from my genealogical files. In the event that the courthouse dates and tombstones dates differ, both will be included. Spouses, parents and children will accompany the deaths when available. At times only some of the children will be listed if that's all I had on file.

This completed work will be in four separate volumes. Each volume will contain an entire township of Washington County graves. Following each cemetery, note additional burials for the cemetery through 1997 will be included. This will only contain information from my files. Deaths taken from Roanoke Beacons that didn't state where the burial would take place, will not be included. I'd like to acknowledge special thanks to everyone who helped with this work. My husband, Moody Vance Haskett, certainly gave me his time, understanding and support through this entire project. Stanley West gave me extreme help with the Plymouth area, Ronnie Pritchett, with the Creswell area and Vernon Everett with the Roper area.

Words could never express my appreciation to Shirleyan Phelps for retyping and indexing this cemetery work. I'm so pleased our Volume *III* is completed to be published.

If I can possibly be of help to anyone in the future, please feel free to contact me. May this work be an enjoyment to study and hopefully you can learn more about your Washington County roots.

1. ARNOLD, Martha Clifton - In Memory Of - wife of James Franklin Arnold & Canady W. Clifton. Nov 28, 1837 - March 2, 1921 - A devoted wife and loving mother FS: MC. Par: Bailey Ambrose & Edna Phelps.
2. ARNOLD, James Franklin - In Memory Of - Son of John & Nancy Arnold. Oct 15, 1831 - Feb 24, 1884. Here is a man who died late, The angels did with patience wait, Without stretched arms and wings of love. To take him to the realms above. (FS:) JFA

**J**ames Franklin Arnold bought a farm for he and his new wife Martha Ambrose near Creswell. Land had previously been owned by an old sea captain. Jim & Martha had known each other since childhood and their new home wasn't far from where each was born in 1830's. Martha married first Canady Clifton and they had a daughter named Ellen. Jim & Martha's first child, a son was named James after his father and John after his grandfather. Other children were Jane, Mary, David and Andrew. Their son David Wilbur Arnold born in 1870 lived to be 100 years old. He was a preacher who baptized 10,000.

James lived an exemplary life and was respected by all the community. If he butchered a yearling, he would have his boys take several pounds of beef to each of the closest neighbors. If a person was disabled in the neighborhood, they would pitch in and plow his land and plant his crops. Conner Spruill, Jacob Spear, Capt. Henry Ambrose, Jim Davenport, and Nehemiah Ambrose lived close by. A large storm causing Lake Phelps to overflow, all crops in the community were ruined. The Arnold family lost 30 acres of corn. Jim Arnold having barrels of corn stored in barn, gave Capt Henry Ambrose 2 barrels of corn. The following year Capt. Henry Ambrose gave Jim 3 barrels of corn. Jim said "Uncle Henry, I gave you that corn because you needed it. I had no intention of you paying me back." Capt. Henry looked at him a long time, wiped a tear from his eye, and said, "Y'know, Jim, that's what I call Christianity."

Jim & Martha's children walked 4 miles to Sunday School to St. David's Episcopal Church.

They attended preaching at Phillipi. Later, Sunday School was started at Phillipi Church of Christ by Daniel Phelps.

Martha & her girls would spin cotton. Her father always tended an acre of flax. She would card & spin that flax into thread, from which linen could be woven.

A couple dozen cows could be found in the shelter at night. Jim's boys would take an ox and cart to the woods, loading leaves and straw to cover the shelter floor. Layers of droppings and leaves made finest compost in the fields for Spring.

Different kinds of feed in the trough of the cattle shelter was used according to the season. An acre of turnips, picked and stored in a bed of straw, made excellent wintertime feed for the milk cows. Chopped up turnips were used for feeding milk cows. Leftover turnips in the turnip house would sprout making tender greens as a winter time treat on the family table.
